Designed for beginning and intermediate level Junior and High School girls through high-level high school varsity girls and club experienced players, this is an opportunity for all campers whether first time players, or advanced players to improve their skill level, continue to develop, and be a part of the URVB experience. Campers will be skills tested the first day of camp and divided into courts based on skill level, age, and experience. Instruction includes basic training and advanced training in techniques of passing, setting, attacking, blocking, serving and defense. Additional training is given in game strategy, competition situations and game play. Team bonding activities add to the experience of the younger campers and old campers have the opportunity to attend a recruiting seminar if interested, which includes a question and answer session with coaches, current and former student-athletes, and provides insights into the recruiting process.
